

**MACH-AIRE**

## CLEAN ROOM CHAIRS

Mach-Aire can supply high quality functional seating for clean rooms and containment facilities

Sterile and clean environments demand an absolute commitment to the control of hygiene and cleanliness. The consequences of failing to meet the required standards can be serious in pharmaceutical dispensing, production, public health and specialised patient treatments.

Seating should be easy to clean, restrict particle emissions and provide a safe and comfortable position for the operator.

### FEATURES

- Stable and robust design
- Adjustable in height
